CABINEX

YOUR DREAM OUTDOOR KITCHEN CAN NOW BECOME A REALITY.

Welcome to Cabinex™ quality DIY outdoor kitchens. Beauty & functionality together with market leading appliances to make your Outdoor BBQ Kitchen everything you've ever wanted.

Technology and design are combined to offer a cabinetry system that is a pioneer in its class. PVC panels are used, together with the Cabinex™ patented aluminium framing system, to form a rigid and robust cabinetry solution, ready for years of outdoor entertaining.

The cabinets are also fully weather proof and supported by a 10 year limited warranty.

Cabinex™ is pleased to partner with BeefEater as a quality companion brand. Depending on your space and budget, choose between the 3 different models featured in this brochure, they can be connected to LPG or natural gas.

CABINEX
