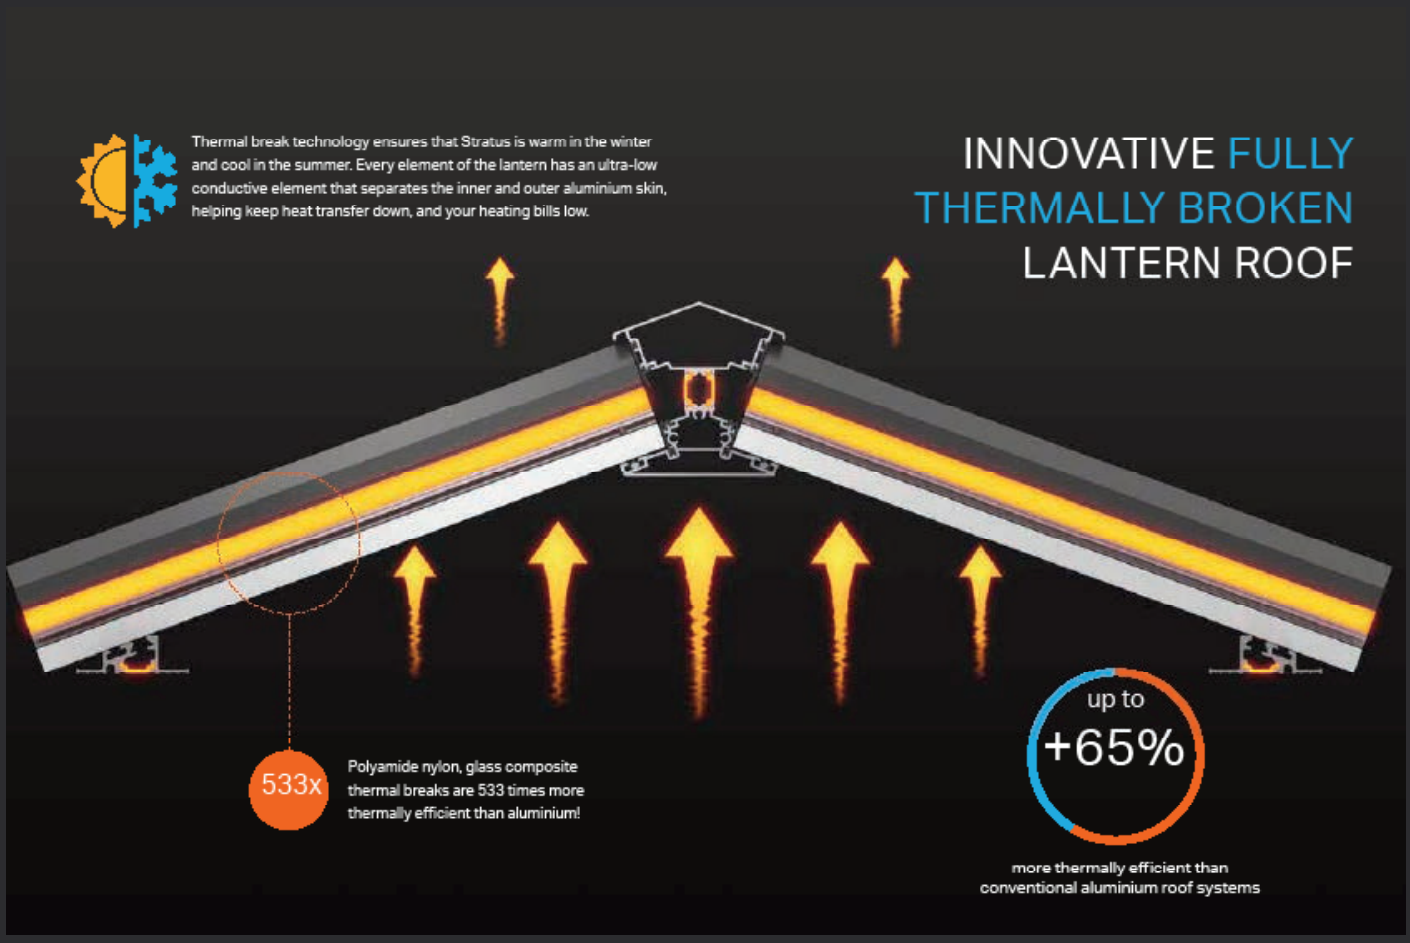
stratus®
thermal lantern roof

The purpose designed Stratus aluminium roof lantern system is discreet yet stylish. Stratus allows light to flood into the home's interior, the ideal modern roof lantern solution, coupling sleek contemporary looks with truly outstanding performance.

Stratus aluminium roof lanterns provide excellent thermal performance while delivering the architectural refinement you'd expect of a high end lantern system.

stratus®
thermal lantern roof



Features and Benefits:

- Up to 65% more thermally efficient than conventional aluminium roof systems.
- Fixed at 20˚ pitch this allows the system to use the incredibly discreet purpose designed top caps and internal covers, without unsightly gaps to rafter ends.
- 66% smaller ridge than standard systems for beautiful aesthetics.
- Hard wearing aluminium exterior for a premium, architectural look.
- Quick and easy to install - less time on site means less disruption for homeowners.
